# Hospitality Services – Seachef

*Comprehensive onboard catering and housekeeping  
focused on seafarer health and welfare*

Established in 1994, Seachef provides shipowners and shipmanagers with a comprehensive range of onboard catering and housekeeping services.

Seachef is committed to offering a nutritious, palatable and balanced diet in a hospitable and hygienic environment.

## Why Seachef?

- Skilled multinational chefs equipped to handle a variety of cuisines tailored for a wide range of dietary requirements.
- Caters to the taste of more than 20 nationalities on board over 320 vessels.
- Portfolio of over 65 reputable customers in the maritime sector.
- Efficient and cost-effective meal planning and ingredient ordering enabled through innovative in-house software that shortens the purchase cycle and reduces food wastage, resulting in lower operating costs for shipowners.
- Selection of partners who can provide quality supplies at reasonable costs.
- Offers training standards corresponding to stringent practices within the hospitality industry ashore and in line with food hygiene and safety requirements.
- ISO 9001:2008 certified.
