

**Dedicated people
to support your offshore business**

...with the power of
Bernhard Schulte Shipmanagement

BSM Offshore is part of Bernhard Schulte Shipmanagement (BSM), with over 130 years' experience in the shipping industry. BSM has a global presence in over 30 locations, manages over 630 vessels and employs 20.000 people on board and ashore.

— WHY US? —

We enable you to enter new markets by using our global presence.

We use experienced teams with specialised skills for the operation of your offshore unit.

We know you need special attention to ensure your success in the demanding offshore environment.

— PROJECT EXAMPLES —

4 Accommodation/walk-to-work Vessels under full management

Crew provision for 18 Supply Vessels and 12 FPSOs

Supervision of the construction of 10 Supply Vessels, 5 Accommodation Vessels and 4 special offshore units

SOFTWARE APPLICATION SOLUTIONS

BSM's enterprise digital solutions company, MariApps, offers software applications for the marine industry. Through a web-based enterprise resource planning software, PAL, ship managers and owners can access all data and reports in one place. This provides transparency and helps you to achieve better performance and profitability.
